Family Education Session

Offered by Concurrent Disorder Services, Addictions Services

- Does your loved one have a coexisting substance use problem and a psychiatric illness?
- Are you supporting an individual with a concurrent disorder?
- If so, this educational session for non users (family members, friends, coworkers, etc) may be helpful. You will learn about the complex relationship between a psychiatric illness and a substance use problem and helpful ways to be supportive.
- **When?** Last Monday of every month 5:30 -8:30pm
- **Where?** Waterford Hospital Lions Club
- **How to register?** Call Tammy @ 777-3603
Individuals need to pre register for this session.

Thank you for your interest.
